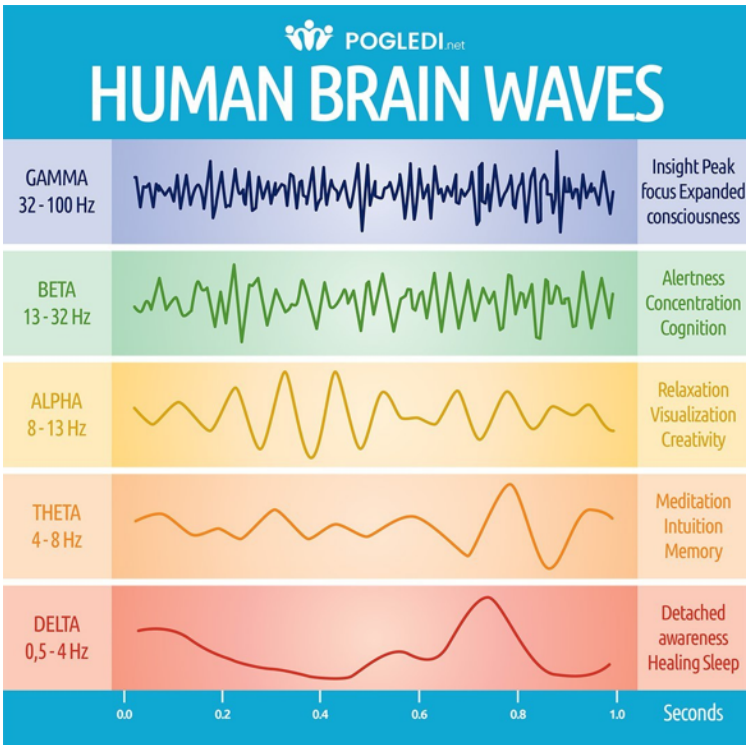
Integrate your Brain Frequencies to Your Soul True Purpose



Frequency Medicine Balances the brain waves – It's the combination of balancing the brain physically and the clearings unblock the brain (trauma patterns held) and upgrading your DNA with vibration frequency medicine and the energy work (codes for success) that allows you to be 100% you- your soul's truth.

You experience the B.R.A.I.N. System, B= Body, R= Release, A= Align with spirit, I = Integrate and N= New Program– It is these five steps done together that gets results that stick. Of course there are layers… one session is like opening up a road block (opening the gate for travel) and as you travel the road there will be speed bumps you encounter as you process the unfolding.

In addition to the benefits of being in the groups is… DRUM ROLL

- YOUR DNA is being upgraded to increase your health and longevity
- By changing your vibration we are repairing different organs. Cool!

Here is what Dr. Carlo Ventura, M.D., a professor and noted researcher at the University of Bologna in Italy stated: Epigenetics goes beyond the boundaries of what's possible in changing the function and purpose of a cell. Previously, this alteration required a chemical process that changes the DNA sequence in the cell's genetic makeup. With

epigenetics, gene function can be altered without changing the DNA sequence chemically. Instead, it changes the architecture of the nucleus of a cell that contains the DNA. Epigenetics achieves this **by exposing a cell to electromagnetism, which is a kind of magnetism produced by an electric current**. Amazingly, the electromagnetic signals used in epigenetics are similar to those produced by the human heart and on Earth itself.

Equally fascinating in this presentation were findings that components of cells vibrate, with specific frequencies that make a kind of cellular fingerprint distinctive to the person. Learning the language of these vibrations may allow us to "talk" to DNA**. By changing the vibrations, we may be able to differentiate cells to match what's needed to repair different organs.** (I am already doing this with frequency medicine!) I make no medical claims. Simply reducing stress.

Our Beautiful Balanced Brain Program includes the Solfeggio tones. These tones are UPGRADING YOUR DNA!

The Six Solfeggio Frequencies include:

1. UT - 396 Hz - Liberating Guilt and Fear
2. RE - 417 Hz - Undoing Situations and Facilitating Change
3. MI - 528 Hz - Transformation and Miracles (DNA Repair)
4. FA - 639 Hz - Connecting/Relationships
5. SOL - 741 Hz - Awakening Intuition
6. LA - 852 Hz - Returning to Spiritual Order **#2 Beautiful Balanced Brain and how it Works.**

Our Newest Biofeedback Program **Beautiful Balanced Brain** includes Solfeggio Frequencies and can be programmed to include the frequencies to match any affirmation. When I combine various programs individuals who may resonate better with one program than another achieve their desired result. Changing lives is our mission and our results speak for themselves.

All our programs work synergistically and together to jump-start YOUR ABUNDANCE! We are the only clinic in the Southwest USA making use of so many programs interchangeably.

We can work on virtually anything including people, animals, places, situations, family harmony, etc. All is possible!

The programs work to balance the stressors in the body and retrain the brain. Here is just short list of the possibilities:

- Brain Boosting
- Neurotransmitter balancing
- Enhancing mood
- Raising DNA Frequency
- Building Immune System
- Pain reduction
- Zapping parasites, viruses, fungus, bacteria
- Allergy therapy
- Hormone Balancing
- Improving Relationships
- Miracles

What Are The Ancient Solfeggio Frequencies?

These original sound frequencies were apparently used in Ancient Gregorian Chants, such as the great hymn to St. John the Baptist, along with others that church authorities say were lost centuries ago. The chants and their special tones were believed to impart tremendous spiritual blessings when sung in harmony during religious masses. These powerful frequencies were rediscovered by Dr. Joseph Puleo as described in the book *Healing Codes for the Biological Apocalypse* by Dr. Leonard Horowitz. I give honor to both of these gentlemen for the part they've played in helping return these lost frequencies back to humanity.

For example, the third note, frequency 528, relates to the note MI on the scale and derives from the phrase "MI-ra gestorum" in Latin meaning "miracle." Stunningly, this is the exact frequency used by genetic biochemists to repair broken DNA – the genetic blueprint upon which life is based!

The day after last week's Awakening Abundance Group I closed the largest mobile app account in my career. Everything just fell into place. Then last night right after I finished speaking with Louise, I received a voicemail from a prospect who I have not heard from in several months telling me he's ready to proceed. I feel very uplifted having my money blocks cleared away. Neither of these are coincident. They happened because they were supposed to. N.L. , Wisconsin Thank you Louise.

I am a participant in the 12-week Beautiful Amazing You group. I just wanted to request to please keep adding the EYE LIFT frequency to each week's 'medicine'. I think it is actually working!! I was told a few months ago by my eye doctor that I should consider having eyelid surgery because after 45 years of wearing hard contact lenses, the eye muscles have been weakened resulting in my eyelids drooping (called ptosis); so droopy that my eyelids are starting to cover the pupils. Looking in the mirror this morning my pupils weren't half covered over by my eyelids! Amazingly fantastic! The eyelids have a ways to go yet, but THANK YOU!!! I see a definite improvement!! Whatever you are doing, it is working (much to my surprise I have to admit)!!! I feel so blessed to have discovered you!

Thank you so much for doing what you do!

Hi Louise
I still feel so balanced! When I read that you added turquoise to our therapies I smiled because that's my favorite color. My skin is getting so much better and that's so important to me. I'm tired of breakouts! CD, Canada
